

HOW DO I KNOW WHICH CLASS TO ENROLL IN?

SNOWPLOW SAM 1-4: The Snowplow Sam levels are designed to help the age 3-6 skater develop preliminary coordination and strength necessary to maneuver on the ice.

BASIC SKILLS 1-6: These six levels of the program introduce the fundamental moves: forward skating, backward skating, stops, edges, crossovers, three turns, and mohawks. Upon completion of the Basic 1-6 levels, skaters will have the basic knowledge of the sport, enabling them to advance to the more specialized areas of the sport.

PRE-FREE SKATE - FREE SKATE 6: Each free skate level is comprised of a variety of progressive skating skills, transitions, spins and jumps — all of which build on the previous skill, providing skaters a strong foundation of all elements. These levels will be taught in a positive and interactive group format such as a bridge program, circuit classes or as an introductory training program. Instructors will focus on quality and mastery of skills.

ADULT 1-6 (16+yo): The Adult curriculum is designed for both beginning and experienced adult skaters who wish to improve their skating skills. Participation in the program will help promote physical fitness and improve balance and coordination while teaching proper skating techniques. This is an exciting program for people who look to skating as an enjoyable part of a fit and healthy lifestyle.
